

IN THE SPECIFICATION

Page 1, please replace the paragraph beginning on line 25 with the following amended paragraph:

--Due to the use of a connection dedicated to this data exchange, these systems are not very user friendly and are suitable only for a specific use with the single telephone operator which is handling the connection. Thus, users that are not registered with this operator do not have access to ~~these~~ this data.--

Page 4, please replace the paragraph beginning on line 23 with the following amended paragraph:

-- - it comprises means of debiting said exchange authorization data, associated, thanks to said user identifiers, with said used access instrument, in order to debit ~~these~~ this data according to the data exchanges;--

Page 5, please replace the paragraph beginning on line 29 with the following amended paragraph:

--~~These~~ This data to be consulted is organized in a tree manner, such that there is a first free access page I, serving as the page for entering a conditional access data zone designated by the general reference I*.--

Page 8, please replace the paragraph beginning on line 12 with the following amended paragraph:

--The means 24 thus establish a catalog of usable access instruments from this list and ~~these~~ this data.--

Page 10, please replace the paragraph beginning on line 1 with the following amended paragraph:

--In particular, ~~these~~ this data include the address of the page I for entry into the conditional access zone, and advantageously for added security, the addresses of each of the data pages constituting the conditional access data zone referenced I*.--

Page 10, please replace the paragraph beginning on line 6 with the following amended paragraph:

--~~These~~ The data previously stored in the database 22 also comprise a list of authorized access instruments for access to the data I*, and conditions of access to ~~these~~ the data I*, such as the cost of access, the authorized access times, the possible debit methods, debit per time spent, per action, per subscription, etc.--

Page 12, please replace the paragraph beginning on line 6 with the following amended paragraph:

--According to ~~these~~ this data, the means 26 of determining parameters automatically determine exchange control parameters, such as a maximum access time, a volume of data, a number of authorized actions, etc.--

Page 15, please replace the paragraph beginning on line 33 with the following amended paragraph:

--~~These~~ The data comprise, for example, the number of the calling telephone line and the time of the call and are

transmitted to the means 24 of establishing a catalog of usable access instrument during a step 115.--

Page 16, please replace the paragraph beginning on line 11 with the following amended paragraph:

--With the aid of ~~these~~ this data and of the data transmitted by the analysis means 7 and the interrogation means 36, the means 24 automatically establish a catalog of usable access instruments.--

Page 22, please replace the paragraph beginning on line 1 with the following amended paragraph:

--In yet other embodiments, the means 8 of supervision of the receiver station 6 are produced with the aid of executable software means called ~~"appliquettes"~~ "applets" or "Javascript" or yet make use of the resident identification files at the receiver station 6 routinely called "cookies".--
